HAND RUNNING HAS EASY TIME

Ispecial to The Times-Dispatch.]
Baltimore, Md., April 12.—Hand Running so far outclassed his field in the millitary races for officers of the United States Army and Navy that he simply breezed all the way, with Lieutenant C. K. Rockwell, of the Fifteenth Cavalry, drenched to the skin from a heavy rain, yet smiling as he passed the wire the winner. The distance of the race was a mile and an eighth. Hand Running was off in front, followed by Hannah Louise, with Major Ortwell, of the Engineering Corps, in the saddle, in close pursuit, and Kyran close up. They finished in this order. Hand Running was the medium of a heavy play at 6 to 5, and was a real good thing. Eight horses started, and every officer wore a light silk uniform, Filipino siyle. They looked as though they had taken a shower bath after the race. It was the closing day of the meeting, and the public fared quite well.

WHITE SOX HIT HARD

[Special to The Times-Dispatch.]
Cleveland, O., April 12.—The White
Sox took on a hitting streak to-day,
and when the game was called at the
end of seven innings the score was 13
to 3 in favor of Chicago, Mitchell, who
started for the Naps, was wild, and
had to be yanked in the fifth. Steen,
who succeeded him, was no improvement, and Glavenich appeared scared.
Meanwhile Benz was roing along ment, and Glavenich appeared scared. Meanwhile Benz was going along smoothly. Jack Collins was the chief slugger of the day, getting four singles in five trips to the plate. Every member of the team, with the exception of Berger, who was passed the only time he came up, got a hit. Score:

Cleveland.

A New Idea in Six Cylinder Cars

A new idea in that the Warren is a hand-made car throughout selling at a medium price. To say that a car is hand-made and that its cost is medium is a strong statement; nevertheless, such is the fact with the WARREN. From the time the frame enters the factory until the finished car leaves the machine is constantly under the attention of expert engineers and mechanics.

The WARREN is especially attractive when it is considered that these new models are SIX CYLIN-DER CARS. The four cylinder car is gradually but surely becoming out of date-the six is in every way far superior. Why pay \$2,000, or even more, for a four cylinder car when you can get a WARREN SIX for

\$2,600

In construction, material, equipment, appearance -in fact, in EVERY way the WARREN compares favorably with the \$5,000 cars. It is distinctive in line, yet not freakish. A beautiful car to look at. and one that will give long and satisfactory service.
